Career Objective

I am an aspiring individual looking to grow, learn and join a team where I can utilize my proficiency in programming languages to create software applications that contribute to organizational success

Skill Set Summary

- **Technical:**
 - **Programming:** Proficient in C, C++, HTML, CSS, Python and DSA
 - **Database:** SQL
 - **Networking:** Knowledge about computer networking and worked on cisco packet tracer
 - **Tools:** GitHub, VS code, Cisco Packet tracer, PowerBI and Excel
- **Soft Skills:** Strong communication and teamwork abilities, excellent problem-solving skills, and adaptability to new challenges.

Projects Undertaken

- **Breast Cancer Prediction:**
 - To predict and diagnose breast cancer using machine learning (ML) algorithms and compare their effectiveness with standard prediction models.
 - The research was conducted in the Anaconda environment using Python and the Scikit-Learn library.
- **Hotel System Network:**
 - Created a network design for the Modern Hotel which provided a robust, secure, and scalable solution for efficient communication and data transfer.
 - We ensured a reliable and secure network infrastructure that supports the present and future needs of a modern hotel network.
- **Sudoku Solver:**
 - In this project, I developed a Sudoku solver using C++
 - The solver uses a backtracking algorithm to solve given 9*9 Sudoku puzzles.

Certification

- **Speak like a pro (Udemy)**
- **Data Structure and Algorithms (Udemy)**
- **Software Design (Coursera)**
- **My SQL(Udemy)**
- **Python(Infosys Spring Board)**

Awards/ Achievements

- 100+ question on GFG and Leetcode.
- First position in Shipwreck activity.
- First Position in Ad-Mad Show.
- Participated in multiple Thursday activities held in college.
- Participated in multiple activities such as debate, quiz and effigy making.

Education

- BCA, Doon Business School, Dehradun (2022-2025) – 70%
- XII, CBSE, Good Shepherd Public School– 87%
- X, CBSE, Good Shepherd Public School- 78%

Others

- **Languages:** Hindi and English
- **Hobbies:** Cooking , Book Reading, Acting and Dancing
